Subject: publication in the *International Journal of Turbomachinery Propulsion and Power*

Dear dr. Verstraete,
it is with pleasure that I wish to inform you that your paper entitled “*Adjoint based design optimization of an internal cooling channel U-bend for minimized pressure*” presented at the 12th European Turbomachinery Conference in Stockholm, has been selected for journal publication, and will appear in the **International Journal of Turbomachinery Propulsion and Power** (IJTPP, <http://www.mdpi.com/journal/ijtp>).

The IJTPP is the new Journal of our Society focusing on the current and future science and technology development of turbomachinery in the related fields of turbomachinery based propulsion and power systems. It is intended to offer a high quality research and development dissemination tool to colleagues from academia, research institutes and industry.

You will be shortly contacted by the Assistant Editor of the journal who will provide you with the necessary information to complete the publication procedure.

Sincerely,

dr. Marcello Manna, professor
International Journal of Turbomachinery Propulsion and Power
Editor in Chief

CC: IJTPP Assistant Editor, Mireia Guardingo, Euroturbo Chairman
